

Beyond Whey®

Optimizes Recovery Time*

Promotes Immune & Digestive Health*

- Promotes muscle strength, endurance, & recovery after exercise or stress*
- Delivers valuable nutrients to support healthy immune system function*
- Features glutamine & FOS to promote digestive health*
- Encourages healthy body composition*

Beyond Whey® features Proserum®, a non-denatured whey protein concentrate that supplies a perfectly balanced blend of amino acids and peptides. Beyond Whey® blends the highest quality, most scientifically-advanced forms of glutamine, colostrum and creatine along with Proserum® to optimize the immune system-enhancing and muscle-building effects of this unique whey protein. The bioavailable form of protein in Proserum® supports lean muscle development and fat metabolism while promoting optimal digestion.*

New bottle rollout expected 2022

Supplement Facts

Serving Size: 1 scoop (10 grams)
Servings Per Container: 30

	Amount Per Serving	%Daily Value
Calories	35	
Total Fat	0.5 g	1%*
Cholesterol	10 mg	3%
Total Carbohydrate	1 g	<1%*
Total Sugars	<1 g	**
Protein	6 g	12%*
Calcium	30 mg	2%
Phosphorous	20 mg	2%
Magnesium (as creatine magnesium chelate† and magnesium glycyl glutamine chelate†)	160 mg	38%
Sodium	35 mg	2%
Creatine Magnesium Chelate† (Creatine MagnaPower™)	1500 mg	**
Colostrum (Bioactive Colostrum™)	1000 mg	**
Magnesium Glycyl Glutamine Chelate†	500 mg	**
Fructooligosaccharides (NutraFlora®)	400 mg	**
Immunoglobulins >	830 mg	**
Serum Albumin >	260 mg	**
Lactoferrin >	195 mg	**

* Percent Daily Values are based on a 2000 calorie diet.

** Daily Value Not Established

> Naturally occurring - amount may vary

Other Ingredients: Proserum® Native Whey Protein Concentrate, Creatine MagnaPower™, Magnesium Glycyl Glutamine Chelate, Lecithin (sunflower).

Contains: Milk.

† Chelate supplied by Albion Advanced Nutrition. Chelate covered by Albion International Inc., U.S. Patent 5, 115, 379. Proserum®, and Bioactive Colostrum™ are trademarks of Wisdom Protein, Inc.

DOES NOT CONTAIN: Wheat, gluten, soy, eggs, fish, crustacean shellfish, tree nuts, peanuts

Available in 300 grams powder

SUGGESTED USE: 1 scoop daily or as directed by your healthcare practitioner

STORAGE: Protect from heat, light and moisture

FEATURING

Whey Protein Concentrate (Proserum®)

Stress, everyday aging, exercise and demanding lifestyles can compromise immune system health. Whey Protein Concentrate (WPC) is the perfect supplement for maintaining a healthy immune system response function. Since Proserum® WPC undergoes minimal processing, it contains a rich supply of the fragile protein components - immunoglobulins, lactoferrin and serum albumin - that are vital elements of the cellular immune defense system. This truly non-denatured WPC is the precursor of glutathione, a vital aspect of our cells' protective ability. Glutathione is depleted by oxidative stress, which can occur from aging, poor diet or other stressors. Proserum® WPC is derived from 100% grass-fed cows, is GMO-free and is free from synthetic hormones, pesticides and chemicals.*

Magnesium Glycyl Glutamine

Magnesium Glycyl Glutamine is a patented, chelated complex of Magnesium, Glycine and Glutamine. Glutamine is considered one of the most critical amino acids to promote optimal digestion and immune system function. Additionally, when combined with Glycine and Magnesium in a chelated complex, Glutamine helps the body to recover more quickly and prevents the natural breakdown of muscle tissue that occurs during endurance exercises, as well as from everyday stress and aging. Magnesium is the most important major mineral needed for bone and muscle strength, heart health, central nervous system function, correct assimilation of calcium and potassium and efficient enzymatic function.*

Creatine MagnaPower™

This chelated complex of Creatine and Magnesium enhances muscle performance during repeated bouts of brief, high-intensity exercise and helps reduce muscle fatigue brought on during intense exercise. This combination of nutrients supports the renewal of ATP which allows the body to recover more quickly after strenuous workouts.*

Bioactive Colostrum™

Bioactive Colostrum™ provides essential components of the immune defense system. Research studies demonstrate that Colostrum supports healthy human growth, optimal digestion and a strong and vital immune system.*
