

Up-Lift™

Elevates Mood & Promotes a Healthy State of Mind*

- Maintains healthy neurotransmitter levels*
- Promotes neurological health*

Up-Lift™ ingredients work together to significantly improve mood, cognition and mental productivity by supporting clear functioning of the neurological system. It also assists in the maintenance of key hormone/ neurotransmitter levels. Premium quality botanical extracts and nutrients are provided to support healthy levels of dopamine, serotonin and GABA (gamma-aminobutyric acid). By combining the building blocks for neurotransmitters with the clearing, transforming and guiding influence of the herbs, a comprehensive approach to mood support is achieved.*

New bottle rollout expected 2022

Supplement Facts

Serving Size: 3 capsules
Servings Per Container: 30

	Amount Per Serving	%Daily Value
Vitamin B6 (from <i>S. cerevisiae</i>) <<	4.7 mg	276%
Folate (from <i>S. cerevisiae</i>) <<	167 mcg DFE	42%
Vitamin B12 (as Cobalamin from <i>S. cerevisiae</i>) <<	200 mcg	8333%
St. John's Wort (<i>Hypericum perforatum</i>) Stem, Leaf, Flower Ext. 0.3% Hypericin	600 mg	*
N-Acetyl-L-Tyrosine	350 mg	*
Albizia (<i>Albizia julibrissin</i>) Cortex/Bark Ext.	245 mg	*
L-Tryptophan	200 mg	*
Magnolia (<i>Magnolia officinalis</i>) Bark Ext. 50% Honokiol and Magnolol	100 mg	*

* Daily Value Not Established

Other Ingredients: Vegetable Capsule (Hydroxypropyl Methylcellulose, Water), Magnesium Stearate, Microcrystalline Cellulose, Silicon Dioxide.
<< Naturized® Food-Grown Nutrient.

DOES NOT CONTAIN: Wheat, gluten, soy, milk, eggs, fish, crustacean shellfish, tree nuts, peanuts

Available in 90 capsules

SUGGESTED USE: 3 capsules daily or as directed by your healthcare practitioner

FEATURING

Naturized® Vitamin B6, B12 and Folate

B6, B12 and Folate vitamins are protective of the neurological system and help persons with stress and anxiety to maintain a healthy mood. Naturized® food-grown nutrients utilize a single-celled yeast, *Saccharomyces cerevisiae*, that is fed specific vitamins and minerals which in turn become extremely bioavailable through the yeast.*

St. John's Wort

Clinical trials suggest that the hypericum extract of St. John's Wort is effective in supporting healthy mood while having few side effects. The active constituent, hypericin, inhibits monoamine oxidase (MAO), inhibits the breakdown of neurotransmitters, and supports healthy serotonin levels.*

Albizia

Known in Chinese medicine as The Happiness Tree, the flowers and bark of Albizzia are a valued Chinese botanical to relieve stress and promote healthy sleep. Albizzia bark extract enhances neurotransmitter secretion and regulation and demonstrates mood-balancing as well as cognitive-enhancing effects.*

L-Tryptophan

Tryptophan plays a role in the body's synthesis of serotonin, melatonin and niacin, which are important for mood and stress response. Tryptophan is a precursor of serotonin, which helps to moderate emotions, mood, sleep and metabolism.*

N-Acetyl-L-Tyrosine

Tyrosine, a precursor of dopamine, is required for the synthesis of the catecholamine neurotransmitters epinephrine and norepinephrine. These help nerve cells communicate and influence mood.*
